Our Culture & Values

Integrity, respect each other, treat each and everyone equally, transparency, responsible, informed, philanthropic & Accountable.

Our Vision

Learn from failures, lessons, experiences. An organization which becomes the metaphor of a perfect client centric organization.

Our Social Responsibility

“We give back to where we belong”

World Canada strongly believes in supporting an environment that is free of violence, harassment, corruption.

What Makes Us Unique

- We provide consultation remotely and across the globe.
- We have implemented world's best organizational management practices internally within our operational flow. These methodologies include, Lean Six Sigma & Project Management standards.
- We assess clients information against all immigration program categories and propose the best options in which they qualify well.
- We follow up with the client on regular basis until the application is in progress.
- We accept all methods of payment.
- We are always updating our team on new immigration programs to find possible opportunities for our existing clients that are already in our client pool.
- We donate 5% of revenue generated from each transaction to recognized Non-Profit organizations for human development and natural disaster recovery missions.
- We support green initiatives

A Message from the President & C.E.O.

I would like to express my sincere thank you to our amazing team, our loyal clients and our valuable partners.

You have all helped us in extending our growth and reach globally. Certainly, having presence in different parts of the world is an accomplishment to celebrate to share credit with all stakeholders.

Our customers are central to all the decision making which transpires within our organization. Hence, without feedback for improvement, we wouldn't have been able to implement state of the art digital technologies in our operational flow and induce a more improved approach to provide world class customer experience. Which is not limited to; Remote online/phone consultation, accepting all methods of payments online, by phone, via bank or at office, web-chat, more active presence on social media and above all a reduced timeline in responding to our client's request.
